Lotus and 1-2-3 are registered trademarks of Lotus Development Corporation. Microsoft is a registered trademark of Microsoft Corporation. dBase is a registered trademark of Ashton-Tate. © IBM 1988

of your biggest needs:

Power

Now you can get a lot more work done in a lot less time.

Not only can the new IBM Personal System/2® Model 30 286 run your DOS applications, it can run them fast. In fact, it's a system that's up to twice as fast as the popular PS/2® Model 30, thanks to its advanced technology and 286 chip.

What's more, as your needs grow, so can your system. Its power can be extended by adding up to 4Mb of memory right on the system board.

It's a high performance system without a high price tag.

Affordability

The new Model 30 286 comes with many standard features that are optional on other systems in its class. For example, dazzling VGA graphics, as well as printer, communications, and mouse ports are all built into the system, so option slots are free for other uses. You also get a performance-boosting disk cache to help "turbo-charge" some of your applications.

And, of course, you get PS/2 quality and reliability, which helps make short work of your long-term decision.

One other small feature comes standard, too. The Model 30 286 costs less than you might expect, which makes it an affordable choice for everyone.

And, since this system works with much of the software and hardware you may already have, you'll be getting the most from your IBM investment.

Compatibility

The new Model 30 286 runs most of the DOS applications you use today, like Lotus 1-2-3®, Display Write™, Microsoft® Works and dBase®. It accepts a variety of PC AT® expansion cards, and like the other entry level PS/2 models, many PC and PC XT™ cards as well.

Yet the Model 30 286 fits right in with the rest of the PS/2 family. It can communicate with the most advanced personal systems and can be configured to run IBM's OS/2™ versions 1.1.

For complete details about the Model 30 286 or any of the more advanced members of the PS/2 family, contact your IBM Authorized Dealer or IBM Marketing Representative. For a dealer near you, call 1-800-IBM-2468, ext. 101. You'll find that the new Model 30 286 is an investment that's *right for today, ready for tomorrow.*
