

Software Compatibility List

In the Cyrix Test Labs, Cyrix processors are thoroughly tested on the latest operating systems, networks, business applications, multimedia software, memory managers, utilities and games to ensure full compatibility and customer satisfaction.

The following represents only a partial listing of the hundreds of software offerings tested by Cyrix. To see a complete listing, please visit the Cyrix Web site at <http://www.cyrix.com>.

Applications

3D Studio 4.0
